DISCLOSURE TO CAL-3

The following is a verbatim account of the statement of disclosure to CAL-3 as copied from the hospital chart:

The experimental nature of the intramuscular injection of the radioactive tracer sample was explained to the patient, who agreed on the procedure. The patient was in fully oriented and in sane mind. Injection was given into the gastrocnemius muscle of the left leg and the area marked with circle. Injection made at center of circle. Needle depth equals 2 centimeters. No blood appeared on aspiration and no bleeding after removal of needle. At explanation of the procedure to the patient and assisting in procedure were Mrs. Mary Wootton, R.N., Dr. Donald F. Bellamy and Dr. Ray Mullen.
